Pragati Agrawal

MERN Stack Developer / Backend Developer

+91-9098712311 | pragati6.tech@gmail.com | LinkedIn | GitHub | LeetCode

Professional Summary

MERN Stack Developer with hands-on experience in **Node.js, Express.js, MongoDB,** and **React.js**. Skilled in building and integrating **RESTful APIs**, implementing secure **Authentication Systems**, and developing scalable backend applications. Strong foundation in **Data Structures & Algorithms** with practical experience in real-time communication and full-stack web development.

TECHNICAL SKILLS

Languages: JavaScript, HTML5, CSS3

Design: Responsive Design, Tailwind CSS, Bootstrap

Frameworks, Libraries & Tools: Node.js, Express.js, React.js, MongoDB, Mongoose, JWT, Git, Postman, Figma

EXPERIENCE

- **Instructor – ITI:** Taught programming, computer fundamentals, and IT concepts.
- **Cyber Café Management – BIOS:** Managed technical operations and customer support.

PROJECTS

Digamber Mart | GitHub

- Developed a full-stack e-commerce platform using **MongoDB, Express.js, React.js, and Node.js**.
- Implemented **JWT authentication**, role-based access control, and secure password hashing using bcrypt.
- Built features including product listing, search, filtering, shopping cart, wishlist, and order management.
- Designed responsive UI with **React, Tailwind CSS, and Shadcn UI** and integrated RESTful APIs for seamless frontend-backend communication.

Online Library System | GitHub

- Developed a full-stack **Online Library Management System** using the MERN stack.
- Implemented secure **JWT authentication** and role-based access for users and administrators.
- Built features for book management, user registration, book issuing/returning, and search functionality.
- Integrated RESTful APIs and MongoDB for efficient data storage and seamless frontend-backend communication.

YouTube Clone (MERN Stack) | GitHub

- Developed a full-stack **YouTube Clone** using **MongoDB, Express.js, React.js, and Node.js** with a responsive user interface.
- Implemented secure user authentication using **JWT** and integrated RESTful APIs for seamless frontend-backend communication.
- Built features including video browsing, video playback, search functionality, user authentication, and responsive navigation.
- Managed application data using **MongoDB** and optimized API requests with reusable React components and Axios.

EDUCATION

B.E. in Computer Science, Central College, CSVTU 2012

63.08%

MBA (HR), IGNOU, Raipur 2016

64%

CERTIFICATIONS & TRAINING

- Full Stack Development with AI – Internshala Trainings
- Vocational Training in Java
- Developing Web Applications using ASP.NET
